

Join one of our four community tree plantings this weekend >>

**A BIG THANK YOU** to all the community members who have been supporting the Greening Townsville Program.

Through the support of community members, local businesses and schools, the Greening Townsville Program has successfully delivered 86 community tree plantings over the past 3 years, planted 30 000 and given away over 20 000 local native plants and delivered shade trees to 20 local schools.

Greening Townsville is proud to support National Tree Day 2005.

With the support of Delfin Lend Lease, 1600 local native trees will be presented to 24 local schools for Schools National Tree Day on Friday 29th July 2005 at a special ceremony at the Townsville City Council Administration Building.

**Come along to one of our community tree planting sites near you, take some plants home and enjoy a free sausage sizzle.**
